Bin bingo caller's card

CITY OF TEA TREE GULLY
Naturally Better

Setup

- Each player receives a Bin Bingo card with common waste items randomly placed in each square.
- Place the Bingo caller's card tokens in a container and shuffle well.

How to play

- The caller randomly selects tokens from the container.
- The caller announces the item and provides a quick fact or sorting tip - eg - Banana peel! Goes in the food and organics bin to become compost!
- The Caller marks the item off on the Bin Bingo Caller's Card.
- Players check their cards. If they have the item, they mark it off.
- The first player to complete a full row, column, or diagonal shouts "Bin Bingo!"
- The caller verifies the marked items to confirm the winner.

Winning

- The first player to get a Bingo (a full row, column, or diagonal) wins!
- You can also play Blackout Bingo, where the winner is the first to mark off their entire card.

Level 2

Setting up the game

- Set up the playing board.
- Shuffle the recycling cards and place them face down on the table.
- Selects a truck board and place the corresponding truck counter on the starting space.

Taking a turn

- The youngest player starts.
- Roll the dice and move the truck counter around the board the number of spaces shown on the dice.
- Use the number on the dice to determine how many recycling cards to pick up or drop off.

+ If you land on a space with a plus symbol, pick up the number of recycling cards shown on the dice. Place these cards on your truck board.

− If you land on a space with a minus symbol, drop off the number of recycling cards shown on the dice. Return these cards face down to the pile.

LOSE YOUR LOAD! If you land on a Lose Your Load space, return all recycling cards face down to the pile.

MEGA HAUL! If you land on a Mega Haul space, fill all spaces on your truck board with recycling cards.

Important rules

- After you have picked up the number of recycling cards shown on the dice, keep only the recycling cards that match your truck board. Return all other recycling cards face down to the pile.
- If you roll a number higher than the empty spaces on your truck board, only pick up enough to fill it.
- If you roll a number higher than the recycling cards on your truck board, only drop off what you have. If your truck board is empty, nothing happens.

Winning the game

- Keep moving around the board until you reach the Material Recovery Facility (MRF).
- The exact number needs to be rolled to land at the MRF.
- The first player to reach the MRF with a full truck wins. If no player reaches the MRF with a full truck, the player with the most recycling cards wins

THE GREAT RESOURCE RESCUE

Race to be the first truck to arrive at the Material Recovery Facility with a full load of recyclables! But beware—troublesome contamination lurks along the way, ready to send you off course.

Sort your waste wisely, dodge the dreaded Lose Your Load squares, and outsmart your opponents to turn trash into treasure.

Are you a super-duper waste sorter? Prove it in this fast-paced, fun-filled recycling adventure!
