FURTHER INFORMATION	Suitable for guest-facing areas within regional and district-level Council facilities, including high-use facilities and sporting clubs, where presentation is a priority. For lower-use facilities and back-of-house (non-guest-facing) areas, "Internal Bins T2" is the recommended economical Option.

OTHER INFORMATION	Bins are to be procured through Council's nominated supplier in accordance with the current waste services contract. Consult the Waste Team to confirm any preferred supplier arrangements, existing purchasing agreements, or current procurement requirements prior to purchasing. Where bins are incorporated into new or existing cabinetry, appropriately sized receptacles must be provided to suit the cabinet dimensions. Each receptacle shall be clearly identified using durable, colour-coded signage consistent with Council's standard waste stream signage. Cabinetry shall be designed to ensure receptacles can be easily removed for servicing, cleaning, maintenance, and replacement.
RELEVANT STANDARDS	As4123.7 standard for bin lid colours
