The 2022 South Australian State Election will be held on 19 March 2022. The State Election is an opportunity for local government to inform state policy, regulatory and funding for initiatives that support councils and the communities they serve.

The LGA will design and deliver a State Election strategy, based on the [LGA's current Advocacy Plan](#), existing [policies](#) and our ongoing engagement with members. The strategy will provide the framework for advocacy on issues that make a difference to councils and community.

This survey asks you to tell us what are the key priorities that matter to your council and local community. You may also choose to provide additional information on how the next state government can assist your council to address that priority.

The LGA will use the results to prepare the strategy. Once developed, examples data and promotional opportunities to support the implementation of the strategy will be sought from the sector in the months leading up to election day.
