PURPOSE

The purpose of this Policy is to establish guidelines for the care and control of Council's Hope Valley Cemetery and Golden Grove Cemetery in relation to interments and memorials.

This Policy excludes memorials located outside of Council owned cemeteries. Refer to Memorial Management Policy for guidelines on installation of memorials on Local Government land and on Roads under the care and control of the City of Tea Tree Gully.

POLICY

Background

The City of Tea Tree Gully (Council) manages two cemeteries within the Council area: Golden Grove Cemetery and Hope Valley Cemetery. The cemeteries have been managed and operated by the Council for more than 150 years. Both cemeteries are considered to be historically significant.

Within these cemeteries Council permits two types of interment that being, earth burials and ashes memorial garden beds.

- **Golden Grove Cemetery**

The Golden Grove Cemetery is bounded by Crouch Road, One Tree Hill Road and extractive industry land. The cemetery is small, approximately 11,000m² and has developed gradually over the years. Golden Grove Cemetery has limited available sites for interment of ashes with a number of leased burial sites available for second interments.

- **Hope Valley Cemetery**

This is an urban cemetery small in size, approximately 4,200m² which has limited available sites for interment of ashes with a number of leased burial sites available for second interments.

To assist Council in meeting its legislative requirement, the management of leasing and licensing as well as the coordination of Interments, plaques and monuments is carried out through a Council engaged Contractor.

Council employees are responsible for various aspects of grounds maintenance and interments in accordance with Council's Cemetery Management Procedure.

General

The following general guidelines apply to Council cemeteries:

- Construction of vaults in Council's cemeteries is not permitted except where a burial licence has been issued prior to 20 April 1987
- Due to the limitation of space available within Council's cemeteries, burial licences will only be granted to Residents or former Residents of the City of Tea Tree Gully, or in circumstances where there is a burial licence already in existence. This may extend to family members who do not reside in the Council area but have immediate relations already existing within the cemetery.
- Sites are available for burials based on a need only basis (i.e. not for future use)
- Council will maintain the landscape and historical character of the cemeteries outside of any leased area, which includes pathways, fencing, plantings, signage and infrastructure (other than memorials).

Burials

The following guidelines apply to burials in Council cemeteries:

- Burials will generally take place Monday to Fridays between the hours of 9.00 a.m. and 3.00 p.m. Where burials are required on weekends, public holidays and / or out of the hours stated above, additional fees will be charged as set out in Council's Fees and Charges Register
- Burial plots will be to a standard size of 2.45 metres in length and 1.20 metres in width. The depth will not exceed 2.3 metres (and minimum depth is one metre from the top of the last burial to the natural earth level)
- Burial licences (not exceeding 50 years) will be required for all burials including the interment of cremated ashes
- The assignment of burial licences is not permitted unless it is an immediate member of the licensee's family
- Historical Burial Sites at Hope Valley and Golden Grove cemeteries do not require burial/memorial licence renewals. Non Historical Burial Sites will not be provided with renewals for licenses.

Memorials

The following guidelines apply for memorials in Council cemeteries:

- A memorial licence is required prior to the erection of a memorial headstone or any other structure on any allotment in Council's cemeteries
- Approval is required for additional inscription to monuments or for the replacement of monuments (as per AS 4204-1994)
- Headstones will be located in accordance with all approvals. Memorials erected on cemetery plots leased after the 1 January 1988 will consist of a headstone only (set upon a footing), which will not exceed a height of 0.84 metres, a depth of 0.3 metres and a maximum width of 1.2 metres. Memorials of a more substantial or elaborate nature may, subject to the discretion of the relevant Contractor or Council's delegate, be allowed on plots existing prior to 1 January 1988
- The burial licence holder or their personal representative (usually family if the licence holder is deceased) will be responsible for the maintenance, repair or removal of damaged or deteriorated memorial work during the licence period.

Maintenance of Graves, Plaques, Monuments & Structures

The following guidelines apply for Maintenance in Council cemeteries:

- The ownership of plaques, monuments or other structures installed or constructed is deemed to be with the Interment Right holder (or their heirs and successors).
- The Interment Right holder is responsible for the upkeep, maintenance, repair etc. of any plaque, monument or structure.
- The Council may act to remove any structure that has become dilapidated, unsafe or unsightly. Except in circumstances where there is a risk to the safety of persons or damage may be imminent to nearby sites, Council will take reasonable steps to contact Interment right holders to provide an opportunity to take required actions to remedy the interment site.

Other

The Council Contractor maintains the burial register, plans and assessment of licence applications for Hope Valley and Golden Grove cemeteries.

LEGISLATIVE FRAMEWORK

There is no legislative requirement for Council to have a policy relating to this area.

The following legislation applies to this Policy:

[Burial and Cremation Act 2013](#)

This Act provides for and regulates the identification, handling, storage, transport, disposal and memorialisation of human remains; provides for the establishment, administration and closure of cemeteries and natural burial grounds; as well as providing for the conversion of closed cemeteries into parklands or public parks or gardens.

[Burial and Cremation Regulations 2014](#)

This Regulation covers additional requirements in relation to the disposal of human remains, as well as other requirements relating to cemeteries, natural burial grounds and crematoria including powers of the relevant authority, prohibited activities and interment rights.

[Local Government Act 1999](#)

Section 163 relates to the rebate of rates for public cemeteries.
