

# Community Land Management Plan

**Wynn Vale:**                      **Wynn Vale Recreation Area**

## Description

Identity of land the subject of this plan:

Lot 84 in Deposited Plan 23014, being the land contained in Certificate of Title 5387/59, Lot 594 in Deposited Plan 24320, being the land contained in Certificate of Title 5383/587, Lot 102 in Deposited Plan 59623, being the land contained in Certificate of Title 5892/736, bounded by Endeavour Drive, Hillendale Drive, Keithcot Farm Drive and Wynn Vale Drive. The attached plan identifies the location of the land. The land comprises landscaping, stormwater outlet, lighting, carpark, community building, sports oval, wind turbine, permapine bollards, concrete and paved footpaths, extensive natural grasses and trees, reserve furniture such as parkbenches, gazebo, signage and bins.

## Purpose

Council retains this land for the following purposes:

The Council is required by Section 7 of the Local Government Act 1999 to “provide services and facilities that benefit its area, its ratepayers and residents and visitors to its area, including amongst other things recreational facilities”. This land is retained by Council to provide passive and active recreation facilities for the community and other visitors.

The casual hire of this reserve can be arranged by contacting Council’s Customer Relations centre on 8397 7444.

The Council grants annual permits to use the community building to the Dance Images School of Dance, Tea Tree Gully Quilters, Wynn Vale Quilters, Community Bridging Services Inc, Golden Grove Baptist Church, Lifestyle Links, Grasshopper Soccer Adelaide North East, Aurora Calisthenic College, Golden Grove Cricket Club, Proficiency Training P/L, Syrian Druze Society and Tri Fit Training.

Council has a pre-existing agreement which entitles the Kings Baptist School to make use of the oval between Monday and Saturday for sporting activities. After hours during the week and on Sundays is available for general community use.

For a list of current user groups at any time during the life of the management plan please contact the Council.

Council may grant a lease or licence of the whole or any part of the land during the life of this management plan.

Council will consider the land in regards to it being suitable for the purpose and may with its powers under Council's By-Laws restrict or prevent activities that are considered to be inappropriate for the land.

## Objectives

These are the Council's objectives for managing this land:

The Council seeks to ensure that all of its assets are utilised to their maximum potential. In particular the land serves to meet the Council's desire that residents are able to partake in a range of activities to achieve a balanced life incorporating recreation opportunities.

## Management Proposal

These are the Council's proposals for managing this land:

The land comprises landscaping, stormwater outlet, lighting, carpark, community building, permazine bollards, wind turbine, concrete and paved footpaths, extensive natural grasses and trees, reserve furniture such as parkbenches, gazebo, signage and bins. The following are proposed:-

### 1. Carpark

The carpark is sealed and landscaped and traffic is managed with appropriate signage, kerbing and lighting. Council will use various techniques for managing the pavement such as minor patching, potholes, cracksealing, spraysealing or reconstruction.

### 2. Oval

The oval is currently equipped to satisfy the needs of regular users for a variety of sports including football, athletics and soccer. Goal posts will be installed during the various seasons. Council will regularly water, mow, aerate, fertilise as required and top-dress, de-thatch, soil condition, over-sow, control pests and diseases and verti-drain the playing fields to maintain a serviceable standard.

### 3. Community Building

The community building is equipped with a large main hall, meeting room, storerooms, kitchen and toilets. The building is regularly cleaned and maintained as required by Council.

### 4. Landscaping

This reserve contains mature trees and native grasses and Council staff attend to the upkeep of these properties by conducting horticultural maintenance practices such as mowing, weeding, pruning, etc.

## **5. Lighting**

Some reserves are equipped with lighting to illuminate the pathways. The post top lamps are checked for electrical and structural integrity as required.

## **6. Reserve Furniture**

Park benches, gazebo, signage and bins are a feature within this reserve. The equipment is checked on a regular basis to establish that the fixtures and fittings are mechanically sound and suit their intended purpose. Painting and carpentry improvements will be carried out as required to ensure the robust nature of these fixtures

## **7. Stormwater outlet and culvert**

Council regularly inspects stormwater outlets, culverts and side entry pits to remove any potential blockages and carry out repairs as necessary to minimise the risk of flooding.

## **8. Footpaths**

Footpaths within these reserves are formed of concrete and paving. Defects in the footpaths are often reported by local residents and through the “Customer Response Management” system. Council will then attend to its repair. Tripping hazards are also recorded via Council resources and as required will either be replaced or repaired.

Council has a regular maintenance schedule, which is reviewed prior to the setting of the Council’s annual budget. The schedule provides for the Council’s staff to attend to the upkeep of the land structures and equipment in a reasonable fashion, bearing in mind the requirement on Council to attend to the management of its other City wide assets.

Subject to compliance with the requirements of all relevant legislation the Council may, during the life of this management plan, develop the land by erecting buildings or structures which will enhance the use of the land as a recreation facility.

## **Council Policies**

The following Council policies also effect how the Council will manage this land:

- Asset Management Policy
- Boundary Fence Management Policy
- Building Inspections Policy
- Community House/Centres Policy
- Disability Discrimination Act Policy
- Environmental Policy
- Footways/Cycleways Policy
- Public Consultation Policy
- Risk Management Policy
- Smoke Free Policy
- Tree Management Policy

These policies may be viewed at the Council’s office and at the Council’s Library. Copies may be provided on request.

## Other Government Policies

The following State Government policies and plans concerning conservation and development relate to this land:

The land is in the Golden Grove Residential and Golden Grove Community Zones.

The Council's Development Plan governs what activities may occur on the land and how it may be developed during the life of the Plan.

The Council has adopted by-laws which effect and regulate activities on Council land:

- The Council's "Dogs" by-law
- The Council's "Roads" by-law
- The Council's "Local Government Land"

## Performance Appraisal

The Council will measure how it has managed the land in the following ways:

The Council regularly undertakes community consultation studies and surveys and will include a request that respondents comment on their views of and experiences in using the land. In addition the Council invites people to comment to the Council via its website, by post or facsimile, in person at the Council offices and by telephone.

The Council will record all complaints and compliments and attend to those requiring action. In addition complaints and compliments will be reported on annually at a meeting of the Council. The Council has adopted a performance management system to record successful achievement of employee functions. Regular assessment and reporting of compliance with the Council's asset maintenance programme is integral to this process.

As part of the horticultural management of the land the Council will carry out "random anonymous audits" to measure whether the Council is meeting its objectives expressed in its management schedule. The Council will review this Management Plan within 5 years of the date of its adoption and as appropriate amend maintenance as required.

Asset Management tools are applied to predict the maintenance and replacement life to the building and carpark. This information is used on an assessment of the performance of Council's maintenance practice.

## Development

Council has erected a 4kw vertical axis wind turbine on an 11m tower to offset approx 50% of the electricity used in the Community Building. During the life of this plan, negotiations with the school may see further improvements to this land.

Council can consider any future development on this site beyond the 2013/14 financial year in particular the removal and/or replacement of landscaping until the expiry of the Management Plan. Any development will be subject to future budget bids and consultation with the Community.

Adopted by the City of Tea Tree Gully at a meeting of the Council on the
