Behavioural Management Framework Consultation - Draft Policies

## Behavioural Management Framework consultation - draft policies

Feedback is sought from member councils on two policies that form part of the new Behavioural Management Framework:

1. Mandatory Behavioural Management Policy
2. Optional Model Behavioural Support Policy

The new Behavioural Management Framework provisions will commence following the council elections in November 2022. As part of the Framework, all councils must have a Behavioural Management Policy. To facilitate commencement of the new provisions it is anticipated that transitional regulations will be made that designate the LGA Behavioural Management Policy as the applicable policy for all councils from commencement. Councils will then have a period of time to consider and adopt their preferred Behavioural Management Policy.

Councils are required to consider, within six months after the conclusion of each periodic election, whether a behavioural support policy (or policies) should be adopted. The Secretariat has prepared a Model Behavioural Support Policy to assist with this consideration.

## Consultation Resources

## Consultation Resources

A [Consultation Paper](#) (incorporating the two policies) has been prepared to assist councils with providing feedback on the two policies.

The LGA encourages feedback from member councils by **4pm Friday 6 August 2022**. Responses provided will inform the finalisation of the Behavioural Management and Behavioural Support Policy, which will be presented to the LGA Board for approval. Following Board approval, the Behavioural Management Policy will be submitted to the Minister for approval.

Council responses and copies of submission can be provided to Andrew Lamb, LGA Local Government Reform Partner.
